Science

Reading:
Check Google Classroom. "Pearls and Diamonds" Reading Activities. (Nonfiction Reading Comprehension)

Writing:
Focus on fixing assignments to raise their 3rd quarter grades. Assignments will be posted on Google Classroom for students to get the better grade.

Tuesday and Thursday I will post videos of myself reading aloud three books. Students will only listen to the book that they are choosing of the three. After reading, students will fill out a Book of Knowledge, where they write about three things that happened while reading.

6th Grade Math:

Students are to watch the videos posted on Google Classroom on Ratios and Rates. Once complete work the following 8 problems in the Google Quiz sheet attached:

Work is to be assigned in Google Classroom under the topic Week 4 Home Learning: Ratio and Rates Practice

Students can also complete the Digital Escape Room Activities for extra practice.
Not required

6th Grade Science:
This is a self guided lesson. You have done these before and should have no problem completing it. This was actually already assigned before the wellness break, but I have only had one student turn it in. You should be able to 1) Describe the properties of soil and identify different types of soil and the different soil horizons

Step 1: Read the following link, complete the practice for a 100% and answer the questions below
<https://flexbooks.ck12.org/cbook/ck-12-middle-school-earth-science-flexbook-2.0/section/13.5/primary/lesson/soil-characteristics-ms-es>

What are the inorganic materials that make up a soil?
What are the organic materials that make up a soil?
In what environment are there no organic materials in soils? What soils are nearly all organic?
